# ROSE SHIELD

## BUG & FUNGUS CONTROL

Helps to control aphids, whitefly and spidermites as well as powdery mildew.

IMPROVES LEAF  
COLOUR & VIGOUR

USE AT FIRST SIGN  
OF ATTACK

WORKS BY  
PHYSICAL ACTION

USE ALL  
SEASON LONG

### INSTRUCTIONS FOR USE

#### HOW TO USE

**SHAKE WELL BEFORE USE.** Always read the label fully before use.

Spray both sides of the leaf surfaces until thoroughly wetted. As Doff® 2 in 1 Rose Shield Bug & Fungus Control works by physical action, it must be directly applied to pests to achieve control. Apply every 7 days.

#### WHEN TO USE

Use at the first signs of infestation and repeat weekly for maximum effectiveness. Do not spray during hot, dry conditions, as this may result in plants being scorched. If rain falls shortly after application the product effectiveness may be reduced and further re-treatment may be required.

It is recommended that the product be applied to a small area on unusual varieties and observed for any adverse effects.

### SAFETY PRECAUTIONS

Contains reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7] and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6]. May cause an allergic reaction.

Keep out of reach of children. Avoid contact with skin and eyes, do not eat drink or smoke when using this product. **IF IN EYES:** Rinse cautiously with water for several minutes. Wash hands after use. If skin or eye irritation develops or persists, get medical advice. **PROTECT FROM FROST,** do not store in direct sunlight or extremes of temperature. Store out of direct sunlight above 10°C and below 25°C.
