SEAWEED FERTILISER

ORGANIC & NATURAL SEAWEED FERTILISER

- Emerald[®] Pro is a concentrated seaweed extract manufactured from *Ascophyllum Nodosum* Algae harvested from the Atlantic Ocean.
- Organic, natural and highly effective in optimising growth conditions for maximum quality and yield.
- Helps to encourage the growth of beneficial bacteria on plant foliage and roots.
- Emerald[®] Pro benefits plants with increasing sugar content, root mass, uniform ripening, stronger leaves and increased yield.
- Emerald[®] Pro has been demonstrated by external universities to increase performance, marketable grade and root growth. It has also been shown to mitigate environmental stresses including drought, heat and salinity stress.
- Designed for foliar and fertigation applications.
